Dear Sir / Madam

I wish to inform you that Baby Syeda Nabliha (10020000932492) is diagnosed as a case of Relapse Acute Lymphoblastic Leukemia. She is planned for treatment with chemotherapy followed by Bone Marrow Transplantation. The approximate cost of Bone Marrow Transplant would be Rs.20,00,000/- (Rupees twenty lakhs only) in the absence of any complications. The family has already spent Rs.6,00,000/- to Rs.7,00,000/- (Rupees six lakhs to Rupees seven lakhs only). She has come from family with poor financial background and she is advised to stay near hospital for 6-7 months for transplantation.

Any kind of aid (accommodation or financial) is appreciated to treat her and give her normal life.

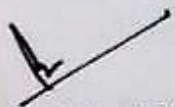

Thanking you,

With regards,

Dr. Sunil Bhat

Head - Pediatric Haematology, Oncology
& Bone Marrow Transplantation
